How could we ever love with measure if God loved us so much that he gave His only Son so that we may live eternal life? We need to love without measure because that is the only way we can be truly happy. ...we cannot measure God's love for us.

This is a picture of Sean with my sister. Though Sean has Down syndrome, he brings love and joy to everyone. His smile makes my day, and through him I have grown as a person. The love he and all people with disabilities share is truly a gift from God.
