

**Jamaica Ash**

Many recycling services are at no cost.  
Trash services starting at \$3.99 per yard.  
For example, a 2 yard container picked up  
once a week would be \$34.55 per month.

Let us survey your needs.

### Recycling Services

Jamaica Ash can provide the DRVC with a turn-key program and we will take care of every detail including development and scope of the program, installation of equipment and training of employees and/or outside vendors needed to achieve your recycling goals.

### Waste Services

We can provide prompt and cost-efficient waste collection service to the Diocese of Rockville Centre. Our approach ensures that you can take advantage of the most practical and sustainable group of waste management solutions available today.

#### Types of Services:

- Cardboard Recycling – Utilizing small containers, compactors, balers or hand pickup.
- Office Paper Recycling Program – Simple to use system that is user-friendly and doesn't require the user to separate materials – if it is paper it's recyclable!
- Plastics – Hard or film plastics can be picked up in bags/bins or in compactors.
- "Recycling Sandwich" Compactors – This program allows you to utilize your space effectively. Using only one compactor you can recycle paper, cardboard and plastics.
- Commingled recyclables – Plastic bottles and metal cans can be recycled using containers, compactors or hand pickup

#### Types of Trucks:

- Front Load Refuse Trucks – designed for maximum cost & service efficiency
- Rear End Load Trucks – curbside, hand pickups and bulky materials
- Roll-off Trucks – used for large amounts of material that can't be picked up with regular trash collection
- Tractor Trailer Trucks – used for heavy or large quantities of materials

#### Container Sizes:

- Rear End Load container (1 yd – 8 yd)
- Front End Load containers (1 yd – 8 yd)
- Roll-off open containers (10 yd, 15 yd, 20 yd, 25 yd, 30 yd & 40 yd)
- Compactors stationary/portable (6-40 yds.)

#### Recycled Materials Include:

- Office Paper
- Printers Waste Paper
- Cardboard
- Newspaper
- Hard Plastics
- Film Plastics
- Metals
- Wood Waste
- Concrete
- Fluorescent Bulbs
- Batteries
- Computers, Printers & Monitors
