Parish and School Important Information for Year-End 2022

Each year the Pastor or Administrator of a parish is required to submit an annual report to the Bishop for the parish, cemetery and school on a fiscal year basis. The financial data is due into the DRVC Financial Portal on **October 21, 2022**, and the signed reports are due by **November 30, 2022** signed by the pastor, two trustees and Finance Committee Chairperson or representative for parishes and cemeteries, and signed by the Pastor and the Principal for schools. The steps necessary to complete the financial reporting package are listed below.

In all cases, if you have questions on the process, please contact the Parish Support Manager for your Deanery for additional guidance.

To access the 2022 year-end forms please follow instructions below:

1. Go to the website www.drvc.org.
2. Click on Offices and then Parish Support. The documents are in the right-hand margin.
3. Find Year-End Procedures
4. *Right* Click on (2022 Parish Financial Report) or (2022 School Financial Report) and save the file to your network or computer file, using the "save target as" option, and include your parish name in the new file name that you create. The 2022 Cemetery Financial Report can be found further down the margin under Cemetery Accounting.
5. Also save the 2022 Parish Governance Form in the same manner.
6. **It is extremely important to save the file to your computer hard drive or network before you enter your data and before the file is printed with your figures.**
7. Enter your data in this reporting package and complete the supplemental schedules.

The parish and school statements containing year end balances to each of the Diocesan Plans will be emailed to each Pastor or Principal on or about September 9, 2022. Unitas Investment Statements will be available on-line on or about September 16, 2022.

All General Ledger System users will need to complete the following steps prior to completing the financial reporting package and supplemental schedules.

- Reconcile all bank accounts, Unitas and investments and post all accrued interest gains or losses through August 31, 2022.
- Post all payroll journal entries including accrued vacation, sickpay and other benefit costs.
- Post all accounts payable transactions through August 31, 2022.
- Post all accruals of expenses through August 31, 2022.
- If your parish has a campaign, you will need to accrue any uncollected pledges made as of August 31, 2022. Use Account # 1172 Pledges Receivable – Short term for any pledges due before August 31, 2023. Use Account # 1200 for Pledges Receivable – Long Term for over one year redemption.
- If your parish has a construction project or renovation project, you will need to accrue all construction costs and expenses to date.
- If the school depreciates assets (**regional schools only**), record the expense and accumulated depreciation.
- All schools should accrue for their teacher sick pay liability fund. The supplemental schedule supporting this liability should also be completed.
- Record any pre-paid assets and reverse pre-paid asset balances from prior years.
- Diocesan collections received must equal Diocesan collections paid (3600 series and 4600 series). Unpaid Diocesan collections as of August 31, 2022 should be properly recorded as a liability in accrued expenses and expensed to the appropriate 4600 account.
- **Parish Support has issued directions on the proper accounting for the Payroll Protection Plan (PPP) loans and Employee Retention Credits (ERC). Both programs should be accounted for using the methodology and accounts as presented in the guidance. If you need further assistance or copies of the distributed guidance, please contact the Office of Parish Support.**

Net Assets – It is important to identify restricted assets in the fund balance at year end. Campaign receipts for construction work to be done in the future is a typical example. If you are not sure how to classify net assets, please contact the Parish Support Manager for your Deanery. All net asset restrictions must be documented in writing from the donor. Your Parish Support Manager will request this as part of the close out.

Please mail completed, signed forms and documents to the address below on or before **November 30, 2022**.
