## Why is it important to get started now?

### Be good to yourself

We want to help you plan the retirement you envision. You deserve to feel good about your future and confident in your plan to get there. The first step? Enroll in your retirement savings plan.

### How much retirement income is enough?

Although it is different for everyone, you will likely need to replace at least 70% of your current income annually in retirement. After you enroll, you can determine how much income you might need by using **myOrangeMoney**®, an interactive online experience, that will show you how your current retirement assets may translate into future potential monthly income in retirement so you know when you can retire.

\* The myOrangeMoney® educational interactive experience, which is designed to provide estimated monthly retirement income based on various saving and investment scenarios, is not available to Puerto Rico plans or participants.

The choices you make about your contributions and investments are up to you. And you can easily make changes anytime online, on the phone, or with the **Voya Retire®** mobile app. Remember, you are always in control.

## Reasons to save today

1

### **Save automatically**

Your contributions are automatically deducted from your paycheck, so it is simple to set a little aside each pay period.

2

### **Help lower your taxable income**

Every dollar you contribute before-tax reduces your taxable income, which means you may pay less in income taxes today.

3

### **Invest your way**

Would you prefer to make investment elections yourself or would you appreciate having some guidance? How much investment risk are you willing to tolerate? No matter what you decide, we offer investment solutions designed to fit your style.

4

### **Remember, your money is always yours**

What you contribute and any related earnings are yours to take with you, even if you change jobs.

5

### **Put time on your side**

Investing over a longer period of time in a tax-favored account allows you to take advantage of compounding, meaning any earnings on contributions go back into your account without being taxed and can generate more earnings.

6

### **Employer Contributions**

Take advantage and maximize your savings. Your company may match a portion of the contributions you make to the plan. For more details, please review Employer Contributions under Get to know your plan.

Remember, it's your retirement.  
Be generous.

# More benefits for you

## Introduction

This section describes highlights of your employer's retirement plan. It represents a general overview of the information printed in your employer's Summary Plan Description (SPD). Please refer to your Plan's SPD for full details on all provisions in the Plan. If there is a conflict between these plan highlights and the Plan's SPD, the language provided in the SPD will govern.

## Eligibility Requirements

You are immediately eligible to participate in the plan. Participants may become eligible for the Plan following the SECURE Act Long-Term Part-Time Employee Eligibility (LTPTEE) provision rules.

## Enrollment Dates

Once you have met the eligibility requirements, you can join the plan.

## Employee Contributions

You may contribute 0 - 100% of your annual pay, not to exceed \$23,500 annually (\$31,000 if you are at least age 50 and your plan has a catch-up feature). If permitted by your plan, you may be able to make additional catch-up contributions between the ages of 60 - 63. Annual limitations are set by the IRS and are subject to change. Check with your benefits manager to see if you can take advantage of the increased opportunity to 'catch up' and contribute even more to your employer's plan. If your adjusted gross income does not exceed certain limits, you may be eligible for a tax credit.

## Roth Contributions

Your plan permits Roth after-tax employee contributions. You may contribute between 0 - 100% of your eligible compensation to the Plan. Your total employee contributions (Roth after-tax and Traditional pre-tax deferrals combined) may not exceed \$23,500 annually (\$31,000 if you are at least age 50 and your plan has a catch-up feature). If permitted by your plan, you may be able to make additional catch-up contributions between the ages of 60 - 63. Annual limitations are set by the IRS and are subject to change.

## Employer Contributions

### *Employer Match*

Your employer has elected to match 100% of your contributions up to the first 1% of pay.

### *Employer Safe Harbor*

Your employer will contribute an amount equal to 3% of your compensation. The contribution will be allocated according to each participant's compensation regardless of whether you make an Employee 401(k) Elective Deferral Contribution.

## Vesting

You will always be 100% vested in the portion of your account attributable to your Employee contributions. You are also 100% vested upon your death, normal retirement, or disability. Your employer contributions are subject to the following vesting schedule:

### *Employer Match Contributions*

You will earn a non-forfeitable right to your employer contributions after 5 years of service.

## Rollovers

You may roll over assets from other qualified plans. Rollover contributions are allowed prior to/after meeting the eligibility requirements of the plan.

## Investment Transfers

Using Voya's automated telephone or Internet service, you have the ability to review your accounts and transfer funds from one investment option to another, 24-hours a day.

## Hardship Withdrawals

Hardship withdrawal may be taken in case of extreme hardship as defined by the IRS when no other sources are available.

## In-Service Withdrawals

In-service withdrawals are permitted by your plan. If your Plan allows for distributions prior to age 59 1/2, these distributions will be subject to an early distribution penalty of 10% additional tax unless certain exceptions apply. This tax applies to the amount received that you must include in income. Generally, there are restrictions on what dollars are available for in-service distribution. See your Summary Plan Description for more detail.

## Distribution & Withdrawals

Funds are available at retirement, death, disability, or termination of service.

## Loan Provision

You may take a loan from vested amounts in your account. The amount of the loan to you is limited by rules under the Internal Revenue Code. Any new loans, when added to the outstanding balance of all other loans from the Plan, will be limited to the lesser of: a) \$50,000 reduced by the excess, if any, of your highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over your current outstanding balance of loans as of the date of the new loan; or b) 1/2 of your vested interest in the Plan. The amount of the loan to you can also be limited by Plan rules such as which Employee and Employer Contributions are eligible for loans, the number of loans that can be outstanding at any one time or how often you may request a loan. The Plan allows for a total of 2 outstanding loans. For specific details please refer to your Summary Plan Description (SPD). When thinking about taking a loan from your Plan, keep in mind that when money is withdrawn from a retirement savings account, it reduces the power of tax-deferred compounding.

## Participant Account Statements

Your participant account statements are provided quarterly.
